## Liquor Control Commission July Underage Compliance Report

SPRINGFIELD – In July of 2017, the Illinois Liquor Control Commission (ILCC) conducted compliance checks around the state and visited 103 businesses licensed to sell liquor. They cited 30 for violations of liquor control laws.

This is a monthly aggregated report of all the underage compliance investigations conducted in the month of July. The ILCC may release results on individual investigations through shorter press releases throughout the month.

The monthly aggregated report lists all of the results of ongoing undercover and cooperative law enforcement operations conducted by Illinois Liquor Control Commission (ILCC) agents, local law enforcement officials and volunteers from high schools and colleges. The teams randomly visit liquor stores, restaurants and bars in communities around the state to check for ongoing compliance with state laws mandating that no liquor is sold to minors under the age of 21. ILCC agents also work with local and state law enforcement agents to focus on communities with a high incidence of underage liquor sales.
