# Tax Rates

## *and Distribution Formulas*

**T**axes collected by the Illinois Department of Revenue are disbursed to local governments in two ways.

- Some taxes are disbursed both to the State of Illinois and to local governments and taxing bodies based on formulas established in the tax acts. For purposes of this document, these disbursements are called “revenue-sharing.”
- Some taxes are disbursed solely to local governments or taxing bodies who impose taxes that the department is required to collect.

The following text identifies the tax rate for the specific tax and how the amount disbursed is determined.

**Note:** Motor fuel tax is disbursed by the Illinois Department of Transportation.

## Revenue-sharing with local governments

### **Charitable Games Tax and license fees**

Revenues received from the operator license fees and the 3 percent tax on gross proceeds of charitable games are deposited into the Illinois Gaming Law Enforcement (IGLE) Fund. Two-thirds of the amount deposited into the IGLE Fund is appropriated to the Department of Revenue, the Department of the State Police, and the Office of the Attorney General. The remaining one-third is distributed for law enforcement purposes to municipalities and counties annually in proportion to the number of licenses issued in each municipality or county.

### **Pull Tabs and Jar Games Tax and license fees**

Revenues received from the operator license fees and the 5 percent tax on gross proceeds of pull tabs and jar games are divided equally between the Common School Fund and the Illinois Gaming Law Enforcement (IGLE) Fund. Two-thirds of the amount deposited into the IGLE Fund is appropriated to the Department of Revenue, the Department of the State Police, and the Office of the Attorney General. The remaining one-third is distributed for law enforcement purposes to municipalities and counties annually in proportion to the number of licenses issued in each municipality or county.

### **Individual and Corporate Income Tax**

The Illinois income tax rate is 3 percent for individuals, trusts, and estates and 4.8 percent for corporations. One-tenth of the net collections (gross collections minus refunds) is distributed to municipal and county governments in proportion to their population as compared to the total state population.

### **Motor Fuel Tax**

The motor fuel tax rates are 19 cents per gallon on motor fuel and 21.5 cents per gallon on diesel fuel. This tax is disbursed by the Illinois Department of Transportation.

## and Distribution Formulas

### Replacement Taxes

- **Personal Property Replacement Income Tax**
- **Electricity Distribution Tax**
- **Invested Capital Taxes**
- **Telecommunications Infrastructure Maintenance Fee**

Replacement taxes include Personal Property Replacement Tax, Electricity Distribution Tax, Invested Capital Taxes, and the state Telecommunications Infrastructure Maintenance Fee (TIMF).

**Personal Property Replacement Income Tax** is imposed on

- the income of corporations at the rate of 2.5 percent; and
- the income of partnerships, trusts, and S corporations at the rate of 1.5 percent.

The **Electricity Distribution Tax** is imposed on electric utilities or alternative retail electric suppliers who

- distribute electricity for use or consumption (not for resale); and
- are not electric cooperatives, school districts, or units of local government.

The tax is based on the kilowatt-hours (kwhs) distributed at the following monthly rates:

- \$0.00031 for the first 500 million kwhs
- \$0.0005 for the next 1 billion kwhs
- \$0.0007 for the next 2.5 billion kwhs
- \$0.0014 for the next 4 billion kwhs
- \$0.0018 for the next 7 billion kwhs
- \$0.00142 for the next 3 billion kwhs
- \$0.00131 for all kwhs distributed in excess of 18 billion kwhs

The tax rate for **Invested Capital Taxes** is 0.8 percent of invested capital. These taxes are imposed on

- electric cooperatives that are required to file reports with the Rural Utilities Service;
- persons engaged in the business of distributing, supplying, furnishing, or selling natural gas who are subject to the Gas Revenue Tax; and
- water companies subject to taxes imposed by the Illinois Income Tax Act.

The state **TIMF** is imposed on persons in the business of transmitting, supplying, or furnishing telecommunications and all associated services in Illinois for compensation (*i.e.*, telecommunications retailers). The state TIMF is imposed on the gross charges at the rate of 0.5 percent.

Net collections from replacement taxes are distributed eight times annually to local taxing districts. Distributions are made in January, March, April, May, July, August, October, and December.

The formula for distributing replacement tax collections is as follows:

- 51.65 percent is distributed to Cook County taxing districts, which is then distributed to the taxing districts in the county on the basis of each district's share of personal property tax collection for the 1976 tax year
- 48.35 percent is distributed to taxing bodies in downstate counties, which is distributed based on each district's share of personal property tax collection for the 1977 tax year.

### State "Sales" Tax

The term "sales tax" actually refers to several tax acts. Sales tax is generally a combination of "occupation" taxes that are imposed on sellers' receipts and "use" taxes that are imposed on amounts paid by purchasers. Sellers owe the occupation tax to the department; they reimburse themselves for this liability by collecting use tax from the buyers. "Sales tax" is the combination of all state, local, mass transit, water commission, home rule occupation and use, non-home rule occupation and use, park and recreation district, and county public safety taxes.

The basic rate for **general merchandise** (including items that must be titled or registered) is 6.25 percent. This basic rate is allocated as shown below.

5.00	state portion	( 80 percent of total collections)
+ 1.25	local portion	( 20 percent of total collections)
6.25	total basic rate	(100 percent of total collections)

\*See 86 Ill. Adm. Code 130.310.

**Note:** Depending on the sale location, the actual sales tax rate may be higher than the basic rate because of locally imposed home rule, non-home rule, water commission, mass transit, park and recreation district, and county public safety sales taxes. See “Taxes Collected for Local Governments.”

The basic rate for **qualifying food, drugs, and medical appliances\*** is 1 percent. Local governments receive 100 percent of these collections.

The state’s 80 percent share is disbursed as shown below.

- The **Build Illinois Fund** receives 5.55 percent to retire bonds. Local governments indirectly receive sales tax revenues through programs financed by the Build Illinois Program.
- An allocation of 0.4 percent (referred to as “**photoprocessing**”) is distributed monthly to municipal and county governments based on population.
- Local government **tax increment financing** (TIF) districts are allocated 0.27 percent. The department distributes state sales tax collections to participating municipalities that have
  - established a State Sales Tax TIF and/or a State Utility Tax TIF before January 1, 1987;
  - produced an incremental growth in State Utility Tax for the TIF cycle when measured against the 1985 TIF base.Funds are prorated to each participating municipality and are distributed quarterly based on its share of the overall TIF net state increment.
- The remaining amount of the state’s share of sales tax is deposited in the state’s General Revenue Fund. Subsequent disbursements to local governments are shown below.
  - A transfer of state sales tax collections is made to the **Public Transportation Fund**, equal to 25 percent of the revenues derived from the Regional Transportation Authority’s locally imposed taxes.
  - Two thirty-seconds of state sales tax revenues is transferred to two funds: collections from sales within the boundaries of downstate mass transit districts are transferred to the **Downstate Public Transportation Fund**; collections from sales within the boundaries of the **Metro-East Mass Transit District** (MED) are transferred to the Metro-East Mass Transit District Fund.

The local governments’ 20 percent share of general merchandise and 100 percent of the amount from sales of qualifying food, drugs, and medical appliances\* is disbursed as shown below. These amounts are in addition to the transfers from the state portion.

- **County share of state sales tax** — Counties receive the equivalent of 16 percent of the total general merchandise collections and 100 percent of the tax collected on qualifying food, drugs, and medical appliances\* sold within their unincorporated areas. Collections are distributed monthly based on sales occurring in the unincorporated areas of each county.
- **Countywide share of state sales tax** — All counties but Cook county receive the equivalent of 4 percent of the total general merchandise collections on general merchandise sold anywhere in the county. Cook county’s share is disbursed to the Regional Transportation Authority (RTA). Collections are distributed monthly.
- **Municipal share of state sales tax** — Municipalities receive the equivalent of 16 percent of the total general merchandise collections and 100 percent of the tax collected on qualifying food, drugs, and medical appliances\* sold within their incorporated boundaries. Collections are distributed monthly based on sales occurring in each municipality.

## State Use Tax

Use tax is a tax imposed on the privilege of using, in Illinois, any item of tangible personal property that is purchased anywhere at retail. The user pays the tax. In most cases, registered retailers act as the collectors of this use tax and pay the tax to us in the form of sales (occupation) tax. Use tax is also collected by out-of-state registered retailers who remit it to the department. Tax on purchases from non-registered retailers is remitted directly to the department.

\*See 86 Ill. Adm. Code 130.310.

- 20 percent to Chicago,
- 10 percent to the Regional Transportation Authority (RTA),
- 0.6 percent to the Metro-East Mass Transit District (MED),
- \$3.15 million to the Build Illinois Fund, and

## Taxes collected for local governments

Each month, the department allocates any locally imposed taxes that it collects to the unit of local government that imposes the tax based on transactions occurring in the local government's boundaries. These taxes are identified below.

The Regional Transportation Authority (RTA) may impose such taxes at a rate not to exceed 1 percent in Cook County or 0.25 percent in Du Page, Kane, Lake, McHenry, and Will counties. The Metropolitan Pier and Exposition Authority (MPEA) imposes a 6 percent tax on automobiles rented within Cook County. Funds are distributed monthly after subtracting administrative fees of 1.6 percent of the total amount collected for municipalities and 2 percent of total amount collected for counties, the MED, and the RTA.
