

What's new for 2017?

- Public Act 100-0022 increased the income tax rate during the 2017 tax year. You must use Schedule K-1-P(3) to calculate the amount of pass-through withholding you must withhold for your nonresident members. See Schedule K-1-P(1) and Informational Bulletin FY 2018-14 for more information.
- Public Act 100-0022 has also retroactively restored the Research and Development Credit for tax years ending after December 31, 2015. See the Schedule 1299-A instructions for more information.
- For tax years ending on or after December 31, 2017, the non-combination rule is eliminated. Unitary business groups will no longer exclude members who are ordinarily required to apportion business income under different subsections of Section 304. A separate Subgroup Schedule has been created for use by Financial Organization Subgroups, Regulated Exchange Subgroups, Insurance Company Subgroups, and Transportation Company Subgroups to assist in Schedule UB calculations. See Specific Instructions for Step 1, Line E.
- A new checkbox has been added in Step 1 to indicate if a Subgroup Schedule is attached. See Schedule UB, Subgroup Schedule, and Specific Instructions for more information.
- A change to the definition of "United States" will require unitary business groups to include members operating in any area over which the U.S. has asserted jurisdiction or claimed exclusive rights with respect to exploration for or exploitation of natural resources (i.e., the outer continental shelf). This does not include members operating in any territory or possession of the United States.
- A new checkbox has been added in Step 1 to indicate business activity protected under Public Law 86-272. See Specific Instructions for more information.
- For tax years ending on or after December 31, 2017, the Domestic Production Activities Deduction (DPAD) allowed under Section 199 of the Internal Revenue Code (IRC) must be added back to federal taxable income on Line 9 of Schedule M.
- The Economic Development for a Growing Economy (EDGE) Tax Credit has been extended to tax years ending on or before June 30, 2022. See Schedule 1299-A Instructions for more information.
- The Angel Investment Credit has been extended and may be claimed for tax years ending on or before December 31, 2021. See Schedule 1299-A Instructions for more information.
- New Markets Credit has been extended to tax years ending on or before June 30, 2021. Please see Schedule 1299-A Instructions for more information.
- The River Edge Historic Preservation Credit has been extended to tax years ending prior to January 1, 2022. The 2017 tax year will be the final tax year the five year credit carryforward can be earned. Any River Edge Historic Preservation credit claimed on a return filed for a 2018 or later tax year cannot be carried forward. See Schedule 1299-A Instructions for more information.
- The Live Theater Production Tax Credit has been extended and may be claimed for tax years beginning prior to January 1, 2022. See Schedule 1299-A Instructions for more information.
- The Hospital Credit has expired for tax years **beginning** on or after June 14, 2017. If your tax year **begins** on or after June 14, 2017, you cannot claim this credit on Schedule 1299-A, Lines 53 through 57. You may still claim any distributive share of this credit passed through to you on Schedule K-1-P by reporting it on Schedule 1299-A, Line 58. However, on Line 58 you may not claim any amount sold or donated to you.
- An Other Credits Line has been added to Schedule 1299-A for credits which may be carried forward for five years but for which no specific line has been provided on Schedule 1299-A and which are allowed by the Illinois Income Tax Act (IITA). See Schedule 1299-A Instructions for more information.
- As a result of Public Act 99-0641, for taxable years beginning on or after January 1, 2017, any tax preparer who is paid to prepare an Illinois Business Income Tax return must sign and date the return, enter the preparer tax identification number (PTIN) issued to them by the Internal Revenue Service, and provide their firm's name, address, and phone number. Form IL-1065 has been revised to enable paid preparers to provide this information.
- For tax years beginning on or after January 1, 2017, the standard exemption may not be claimed if the taxpayer's adjusted gross income for the taxable year exceeds \$250,000. See "What is the standard exemption?" and Specific Instructions for more information.

General Information

Who must file Form IL-1065?

You must file Form IL-1065 if you are a partnership (see "Definitions to help you complete your Form IL-1065") and you have base income or loss as defined under the Illinois Income Tax Act (IITA) allocable to Illinois.

If you are a partnership organized for the sole purpose of playing the Illinois State Lottery, you are not required to file a Form IL-1065.

A person transacting an insurance business organized under a Lloyd's plan of operation may file a Form IL-1065 on behalf of all its underwriters, including corporations and residents. You must refer to Illinois Income Tax Regulations, Section 100.5130, for specific instructions on how to properly complete Form IL-1065 and determine what you need to attach to your return.

All underwriters who are members of an insurance business organized under a Lloyd's plan of operation may be included on Form IL-1065. No credit is allowed to any underwriter for its share of tax paid on Form IL-1065.

What forms must I use?

In general, you must obtain and use forms prescribed by the Illinois Department of Revenue. Separate statements not on forms provided or approved by the Department will not be accepted and you will be asked for appropriate documentation. **Failure to comply with this requirement may result in failure to file penalties, a delay in the processing of your return, or a delay in the generation of any overpayment.** Additionally, failure to submit appropriate documentation when requested may result in a referral to our Audit Bureau for compliance action.

Partnerships must complete Form IL-1065. Do not send a computer printout with line numbers and dollar amounts attached to a blank copy of the return. Computer generated printouts are not acceptable, even if they are in the same format as the Department's forms. Computer generated forms from a Department-approved software developer are acceptable.

If you are a member of a unitary business group, you may not file a combined return, but you may have special filing requirements. See the instructions for Illinois Schedule UB, Combined Apportionment for Unitary Business Group, and "What if I am a member of a unitary group?" in the general instructions below for information about your filing requirements.

Note Form IL-1065 (R12/17) is for tax year ending on or after December 31, 2017, and before December 31, 2018. For tax year ending before December 31, 2017, use the 2016 form. Using the wrong form will delay the processing of your return.

How do I register my business?

If you are required to file Form IL-1065, you should register with the Illinois Department of Revenue. You may register

- online with MyTax Illinois, our free online account management program for taxpayers;
- by completing Form REG-1, Illinois Business Registration Application, and mailing it to the address on the form; or
- by visiting a regional office.

Visit our website at tax.illinois.gov for more information.

Registering with the Illinois Department of Revenue (IDOR) **prior to filing your return** ensures that your tax returns are accurately processed.

Your identification numbers as an Illinois business taxpayer are your federal employer identification number (FEIN) and your Illinois account number.

When should I file?

In general, Form IL-1065 is due on or before the 15th day of the 4th month following the close of the tax year.

If you are operating as a business organized under the Lloyd's plan of operation, your due date is the same as your federal return due date.

Automatic six-month extension — We grant you an automatic six-month extension of time to file your partnership tax return. You are not required to file Form IL-505-B, Automatic Extension Payment, in order to obtain this automatic extension. However, if you expect tax to be due, you must use Form IL-505-B to pay any tentative tax due in order to avoid interest and penalty on tax not paid by the original due date of the return. An extension of time to file your Form IL-1065 is not an extension of time for payment of Illinois tax.

If you are operating as a business organized under the Lloyd's plan of operation, the length of your Illinois automatic extension of time to file is the same as your federal extension.

Additional extensions beyond the automatic extension period — We will grant an additional extension **only** if an extension is granted by the Internal Revenue Service (IRS) beyond the date of the Illinois automatic extension. Your additional Illinois extension will be for the length of time approved by the IRS. You must attach a copy of the approved federal extension to your Form IL-1065.

When should I pay?

Payment of tax — You must pay your Illinois Replacement Tax and pass-through withholding reported on behalf of your members in full on or before the original due date of the return. This payment date applies even though an automatic extension for filing your return has been granted.

Estimated tax payments — Partnerships are not required to make estimated tax payments.

You may, however, use Form IL-516-I and Form IL-516-B,
Page 2 of 19

Pass-through Prepayment Vouchers, to make voluntary prepayments for **tax years ending on or after December 31, 2014**. Form IL-1000, Pass-through Entity Payment Income Tax Return, and Form IL-1023-C, Composite Income and Replacement Tax Return, have been eliminated for tax years ending on or after December 31, 2014, and the amounts that would have been reported on these forms must be

- **reported** on your Form IL-1065 and Schedule B, and
- **paid** on your Form IL-1065 or Form IL-505-B.

Form IL-516-I and Form IL-516-B allow you to voluntarily prepay your own tax liability as well as make pass-through entity prepayments on behalf of your partners or shareholders.

Note Do not use Form IL-1120-ES, Estimated Income and Replacement Tax Payments for Corporations, to make voluntary prepayments.

Who should sign the return?

Your Form IL-1065 must be signed by a partner or any other officer duly authorized to sign the return. In the case of a bankruptcy, a receiver, trustee, or assignee must sign any return required to be filed on behalf of the partnership. The signature verifies by written declaration (and under penalties of perjury) that the signing individual has personally examined the return and the return is true, correct, and complete. The fact that an individual's name is signed to a return is prima facie evidence that the individual is authorized to sign the return on behalf of the partnership.

If you are operating as a business organized under the Lloyd's plan of operation, an officer of that plan must sign Form IL-1065.

Any person paid to prepare the return (other than a regular employee of the taxpayer, such as a clerk, secretary, or bookkeeper) must provide a signature, date the return, enter the preparer tax identification number (PTIN) issued to them by the Internal Revenue Service, and provide their firm's name, address, and phone number.

Note If your return is not signed, any overpayment of tax is considered forfeited if, after notice and demand for signature, you fail to provide a signature within three years from the date your return was filed.

What are the penalties and interest?

Penalties — You will owe

- a **late-filing penalty** if you do not file a processable return by the extended due date;
- a **late-payment penalty** if you do not pay the tax you owe by the original due date of the return;
- a **bad check penalty** if your remittance is not honored by your financial institution;
- a **cost of collection fee** if you do not pay the amount you owe within 30 days of the date printed on your bill.

Interest — Interest is calculated on tax from the day after the original due date of your return through the date you pay the tax.

We will bill you for penalties and interest. For more information about penalties and interest, see Publication 103, Penalties and Interest for Illinois Taxes, available at tax.illinois.gov.

What if I am discontinuing my business?

Liquidation or withdrawal from Illinois — If you are a partnership that is liquidated or withdraws either voluntarily or involuntarily from Illinois during any tax year, you are still required to file tax returns. Also, we will pursue the assessment and collection of any taxes owed by you or your partners.

Sales or transfers — If you are a partnership that, outside the usual course of business, sells or transfers the major part of any one or more of

- the stock of goods which you are in the business of selling,
- the furniture or fixtures of your business,
- the machinery and equipment of your business, or
- the real property of your business,

you or the purchaser must complete and send us Form CBS-1, Notice of Sale, Purchase, or Transfer of Business Assets, no later than 10 days after the date the sale took place. Mail this form, along with copies of the sales contract and financing agreement, to:

**ILLINOIS DEPARTMENT OF REVENUE
BULK SALES UNIT
100 WEST RANDOLPH, Level 7-400
CHICAGO IL 60601**
Or

What if I need to correct or change my return?

Do not file another Form IL-1065 with “amended” figures to change your originally filed Form IL-1065. If you need to correct or change your return after it has been filed, you must file Form IL-1065-X, Amended Partnership Replacement Tax Return. Returns filed before the extended due date of the return are treated as your original return for all purposes. For more information, see Form IL-1065-X instructions.

You should file Form IL-1065-X only after you have filed a processable Illinois Income Tax return. You must file a separate Form IL-1065-X for each tax year you wish to change.

State changes only — File Form IL-1065-X promptly if you discover an error on your Illinois return that does not relate to an error on your federal return but rather was caused by

- a mistake in transferring information from your federal return to your Illinois return;
- failing to report or misreporting to Illinois an item that has no effect on your federal return; or
- a mistake in another state’s tax return that affects the computation of your Illinois tax liability.

If you are claiming an overpayment, Form IL-1065-X must be filed within three years after the extended due date or the date the return was filed, or within one year after the tax giving rise to the overpayment was paid, whichever is latest.

Federal changes only — File Form IL-1065-X if you have filed an amended federal return or if you have been notified by the IRS that they have made changes to your return. This includes any change in your federal income tax liability, any tax credit, or the computation of your federal taxable income as reported for federal income tax purposes, if the change affects any item entering into the computation of net income, net loss, or any credit for any year under the IITA. You must file Form IL-1065-X no later than 120 days after the federal changes have been agreed to or finally determined to avoid a late-payment penalty.

If your federal change decreases the tax due to Illinois and you are entitled to a refund or credit carryforward, you must file Form IL-1065-X within two years plus 120 days of federal finalization.

Attach a copy of federal finalization or proof of acceptance from the IRS along with a copy of your amended federal form, if applicable, to your Form IL-1065-X. Examples of federal finalization include a copy

of one or more of the following items:

- your audit report from the IRS
- your federal record of account verifying your ordinary business income

What records must I keep?

You must maintain books and records to substantiate any information reported on your Form IL-1065. Your books and records must be available for inspection by our authorized agents and employees.

Do the IDOR and the IRS exchange income tax information?

The IDOR and the IRS exchange income tax information for the purpose of verifying the accuracy of information reported on federal and Illinois tax returns. All amounts you report on Form IL-1065 are subject to verification and audit.

Should I round?

You must round the dollar amounts on Form IL-1065 and accompanying schedules to whole-dollar amounts. To do this, you should drop any amount less than 50 cents and increase any amount of 50 cents or more to the next higher dollar.

What if I have an Illinois net loss deduction (NLD)?

Use the version of the Schedule NLD, Illinois Net Loss Deduction, or the Schedule UB/NLD, Unitary Illinois Net Loss Deduction, which corresponds to your tax year. You must file your return for the loss year and for each intervening year in order to establish the amount of your deduction.

If you have an Illinois NLD from any loss year ending on or after December 31, 1986, it is subtracted from and limited to your base income allocable to Illinois.

To determine your “Illinois net loss” start with federal ordinary income plus separately stated items, and apply all addition and subtraction modifications and all allocation and apportionment provisions.

Illinois net losses incurred in tax years ending on or after December 31, 2003, may only be carried forward 12 years. I

f you are carrying forward an Illinois NLD, you must complete Illinois Schedule NLD, Illinois Net Loss Deduction, and claim the deduction on Step 7, Line 48.

If you had discharge of indebtedness income for a taxable year ending on or after December 31, 2008, and all or a portion of this income was excluded from your federal gross income due to bankruptcy or insolvency, then you may be required to reduce any Illinois net loss you incurred for that year before you determine an Illinois NLD. See the Step 7 Instructions and Schedule NLD or UB/NLD for more information.

If you have an Illinois net loss for this tax year, you must file Form IL-1065 reporting the loss in order to carry the loss forward to another year.

If you need more information, see the Schedule NLD instructions, or the Illinois Income Tax Regulations, Sections 100.2050 and 100.2300 through 100.2330, available on our website at tax.illinois.gov.

What is the standard exemption?

The standard exemption is \$1,000 multiplied by a fraction in which the numerator is your base income allocable to Illinois and the denominator is your total base income. If you have a change in your tax year end, and the result is a tax period of less than 12 months, the standard exemption is prorated based on the number of days in the short tax year. However, if this is your first or final return, you are

allowed to use the full-year standard exemption even if it is a short tax year. If you need further information, see IITA, Section 401(b).

Note For tax years beginning on or after January 1, 2017, the standard exemption may not be claimed if the taxpayer's adjusted gross income for the taxable year exceeds \$250,000. See Specific Instructions for more information.

What attachments do I need?

When filing your return there are certain types of income items and subtraction modifications that require the attachment of Illinois or federal forms and schedules. Breakdowns, statements, and other documentation may also be required. Instructions for these attachments appear throughout the specific instructions for completing your return.

If you are operating as a business organized under the Lloyd's plan of operation, refer to Illinois Income Tax Regulations, Section 100.5130, to determine what you need to attach to your Form IL-1065.

Note All Illinois forms and schedules include an "IL Attachment No." in the upper right corner of the form. Required attachments should be ordered numerically behind the tax return, as indicated by the IL Attachment No. Failure to attach forms and schedules in the proper order may result in processing delays.

Required copies of documentation from your federal return or other sources should be attached **behind the completed Illinois return**.

All taxpayers, including unitary business groups - You must attach a copy of your U.S. Form 1065, Pages 1 through 5, to your Illinois return if you are required to file federally.

Schedule B, Partners' or Shareholders' Information, **must** be completed and attached to all Form IL-1065 filings.

If you are required to attach any Schedule(s) K-1-P, Partner's or Shareholder's Share of Income, Deductions, Credits, and Recapture, only attach Schedule(s) K-1-P **you received** which lists your name and FEIN in Step 2 of Schedule K-1-P. **Do not** attach copies of Schedule(s) K-1-P **you issued** and which lists your name and FEIN in Step 1 of Schedule K-1-P.

Note When filing your Form IL-1065, include only forms and schedules required to support your return. Send correspondence separately to:

**ILLINOIS DEPARTMENT OF REVENUE
TAXPAYER CORRESPONDENCE
PO BOX 19044
SPRINGFIELD IL 62794-9044**

Definitions to help you complete your Form IL-1065.

All references to "income" include losses.

Base income means federal ordinary income plus separately stated items, modified by additions and subtractions as shown in Steps 2 through 5 of Form IL-1065. See specific instructions for Steps 2 through 5.

Business income means all income (other than compensation) that may be apportioned by formula among the states in which you are doing business without violating the Constitution of the United States. All income of a partnership is business income unless it is clearly attributable to only one state and is earned or received through activities totally unrelated to any business you are conducting in more than one state. Business income is net of all deductions attributable to that income.

Commercial domicile means the principal place from which your trade or business is directed or managed.

Nonbusiness income means all income other than business income or compensation. For more information about the different types of nonbusiness income, see the instructions for Illinois Schedule NB, Nonbusiness Income.

A **partnership** is an entity that is treated as a partnership for federal income tax purposes. A partnership that has elected under IRC Section 761, to be excluded from the partnership provisions of the IRC is also excluded for purposes of the IITA.

Partner includes a person treated as a partner for federal income tax purposes.

A **resident partner** means

- an individual who is present in Illinois for other than a temporary or transitory purpose;
- an individual who is absent from Illinois for a temporary or transitory purpose but who is domiciled in Illinois;
- the estate of a decedent who at his or her death was domiciled in Illinois;
- a trust created by a will of a decedent who at his or her death was domiciled in Illinois; or
- an irrevocable trust if the grantor was domiciled in Illinois at the time the trust became irrevocable. For purposes of this definition, a trust is irrevocable to the extent that the grantor is not treated as the owner of the trust under IRC Sections 671 through 678. For a more detailed explanation of "domicile" and "resident," see the General Instructions for Form IL-1040, Individual Income Tax Return.

Nonresident partner means a partner who is not a resident of Illinois, as defined previously.

A **pass-through entity** is any entity treated as a partnership, subchapter S corporation, or trust for federal income tax purposes.

Pass-through entity income is the income that any partnership, subchapter S corporation, or trust passes through to its partners, shareholders, or beneficiaries.

Pass-through withholding payments are payments required to be reported and paid by the pass-through entity on behalf of its **nonresident** partners, shareholders, and beneficiaries

- who have **not** submitted Form IL-1000-E, Certificate of Exemption for Pass-through Withholding Payments, to the pass-through entity, and
- who receive business and nonbusiness income from the pass-through entity.

Pass-through withholding payments are

- reported to your partners on the Schedule K-1-P you send to them,
- reported to the Department on your Form IL-1065 and Illinois Schedule B, and
- paid with your return, with Form IL-505-B, or voluntarily prepaid with Form IL-516-I or Form IL-516-B.

Note If any of your partners are pass-through entities themselves, they are required to report and pay pass-through withholding payments on behalf of their own nonresident partners, shareholders, or beneficiaries on the income you passed through. Your partners may claim a credit on their Illinois Income Tax return for pass-through payments you reported and paid on their behalf.

Special Note For tax years ending before December 31, 2014, pass-through withholding payments were known as "pass-through entity payments" or "composite return payments" and were reported on Form IL-1000 or Form IL-1023-C respectively.

Partnerships can both make and receive pass-through withholding payments.

- **Pass-through withholding payments you owe on behalf of your members** are pass-through withholding payments **you make** on behalf of your nonresident partners, shareholders, and beneficiaries who have not submitted Form IL-1000-E to you. This amount will be reported on Form IL-1065, Line 59.
- **Pass-through withholding payments reported to you** are credits for pass-through withholding payments **you receive** on Schedules K-1-P and K-1-T as a partner, shareholder, or beneficiary of a pass-through entity. This amount will be reported on Form IL-1065, Line 61c.

If you are a nonresident and the pass-through withholding payments reported to you satisfy your Illinois Income Tax liability, you are not required to file an Illinois Income Tax return. If you had Illinois income from other sources and the payments made on your behalf do not cover your liability, you must file a return to report the tax on all of your Illinois income and claim a credit for pass-through withholding payments made on your behalf.

All residents and pass-through entities must file their own annual Illinois Income Tax return and claim a credit for any pass-through withholding payments reported to them.

What if I am an investment partnership?

Effective for tax years ending on or after December 31, 2004, any partnership that qualifies as an “investment partnership” as defined in the IITA, Section 1501(a)(11.5), shall not be subject to replacement tax, is not required to withhold tax from its partners, and is not required to file Form IL-1065. However, you may elect to file Form IL-1065 even if you are an investment partnership. If you elect to file Form IL-1065, you must check the appropriate box on Line F, and complete the return with the appropriate figures. Check the box on Line 35 B, enter “0” on Step 6, Lines 36 through 46 and Step 7, Line 47.

What if I am a publicly-traded partnership?

A publicly-traded partnership is not required to withhold tax from its partners.

What does taxable in other states mean?

Taxable in other states means you are subject to and actually pay “tax” in another state. “Tax” means net income tax, franchise tax measured by net income, or franchise tax for the privilege of doing business. You are considered taxable in another state if that state has jurisdiction to subject you to a net income tax even though that state does not impose such a tax. This definition is for purposes of allocating nonbusiness income and apportioning business income inside or outside Illinois.

When must I use Illinois Schedules K-1-P, K-1-P(3), and B?

You must use **Illinois Schedule K-1-P** to supply each partner with that individual’s or entity’s share of the amounts reported on your federal and Illinois tax returns. For Illinois Income Tax purposes, you must give a completed Illinois Schedule K-1-P and a copy of the **Illinois Schedule K-1-P(2)**, Partner’s and Shareholder’s Instructions, to each partner. **Do not file copies of Illinois Schedule K-1-P that you issue to your partners with your Form IL-1065.**

However, you must keep a copy of each Illinois Schedule K-1-P with your tax records. See Illinois Schedule K-1-P(1), Instructions for Partnerships and S Corporations Completing Schedule K-1-P and Schedule K-1-P(3), for more information.

You must use **Illinois Schedule K-1-P(3)**, Pass-through Withholding Calculation for Nonresident Members, to calculate the required tax you must report and pay on behalf of your nonresident partners who receive business or nonbusiness income from your partnership. You must

complete the schedule if you have business or nonbusiness income distributable to Illinois nonresident partners who have not provided you with Form IL-1000-E, Certificate of Exemption for Pass-through Withholding Payments. You are required to complete Schedule K-1-P(3) for each such partner and keep a copy of the completed schedule in your files. **Do not submit Schedule K-1-P(3) to the Department unless we request it from you.** The information entered on this schedule will assist you in completing Illinois Schedule B. See Schedule K-1-P(1) for more information.

You must use **Illinois Schedule B** to supply us with a listing of your partners, certain items of income and credits they received from you, and pass-through withholding payments you made on their behalf. You **must** complete all lines of Illinois Schedule B, as applicable, and file it with your Form IL-1065.

What if I am a member of a unitary group?

Partnerships may not join in the filing of a combined return. However, you may be required to file a separate unitary return, and file a Schedule UB to apportion your business income.

If the following applies, do not file a Schedule UB: If a partnership is engaged in a unitary business with one or more of its partners, but the unitary partners do not own substantially all of the interest in the partnership, the partnership should not be included on a Schedule UB with the partners. Substantial ownership is defined as owning more than 90 percent of all the interest in the partnership. If a Schedule UB should not be filed, each unitary partner must determine the portion of its business income taxed by Illinois by adding its share of that partnership’s business income and apportionment factors (Illinois and everywhere) to its own business income and apportionment factors (Illinois and everywhere). This rule applies to you if you are unitary with one or more of your partners or if you are a partner in another partnership and are engaged in a unitary business with that partnership. See Illinois Income Tax Regulations, Section 100.3380(d), for more information.

If the following applies, you must file a Schedule UB: If you are a partnership who is a shareholder in a corporation and are engaged in a unitary business with that corporation, or if you are owned more than 90 percent by members of your unitary business group (determined without regard to the rule prohibiting taxpayers who use different apportionment formulas from being included in a unitary business group and the rule prohibiting taxpayers conducting 80 percent or more of their business activities outside the United States from being included in a unitary business group), and you:

- use the same taxable year as a combined group that includes your partners or your subsidiary, you should use the Schedule UB prepared by the combined group in completing your Form IL-1065;
- use a different taxable year from the combined group that includes your partners or your subsidiary, or there is no combined group, you must complete your own Schedule UB using your own taxable year.

If you are required to file a Schedule UB: Use the line reference chart in the Schedule UB instructions to help complete your Form IL-1065.

Steps 2 and 3 of your Form IL-1065 must be completed showing only your separate-company items. The amounts on your Form IL-1065, Lines 14 through 22 (less Lines 20 and 21) and Lines 24 through 33 (less Line 25, 26, and 27) shall be the combined totals shown on Schedule UB, Step 3, Column E.

Notes concerning specific Form IL-1065 income modifications:

- The addition modification for guaranteed payments on Form IL-1065, Line 20, should be zero. This addition modification for all partnerships included on the Schedule UB is included in the “other additions” on Schedule UB, Step 3, Column E, Line 8, and so included in Line 22 of the Form IL-1065.

- The subtraction modifications for August 1, 1969, valuation limitation amounts on Form IL-1065, Line 25, and personal service income or reasonable allowance for compensation of partners on Form IL-1065, Line 26, should be zero. These subtraction modifications for all partnerships included on the Schedule UB are included in the “other subtractions” on Schedule UB, Step 3, Column E, Line 21, and so included in Line 33 of the Form IL-1065.
- The modifications for Form IL-1065, Lines 21 and 27 are not included as modifications on the Schedule UB. The amount on your Form IL-1065, Lines 21 or 27, must be computed on the Illinois Schedule B, Column E Worksheet, found in these instructions. Carry the combined total amounts from Schedule UB, Step 3, Column E for each line item of the Column E Worksheet.

Use the Line 21 and Line 27 amounts to compute your base income on Form IL-1065 Line 35. Check the box on Form IL-1065, Line 35 B, and complete Form IL-1065, Step 6 by subtracting:

- all of your base income or loss is derived inside Illinois; and
- you do not have any income or loss to report on Lines 36, 37, 44, or 45.

If you check the box on Line A, do not complete Step 6. All of your base income or loss is allocable to Illinois. Skip Step 6, enter the amount from Step 5, Line 35 on Step 7, Line 47, and complete the remainder of the return.

- your base income or loss is derived inside and outside Illinois;
- all of your base income or loss is derived outside Illinois; or
- you have income or loss to report on Lines 36, 37, 44, or 45.

If you check the box on Line B, you must complete all lines of Step 6. Submitting Form IL-1065 with an incomplete Step 6, including Lines 40, 41, and 42 may result in a delay in processing your return, further correspondence, and you may be required to submit further information to support your filing. See the Specific Instructions for Step 6 for more information.

Step 6 — Figure your income allocable to Illinois

You **must** check the box on Line B and complete all lines of Step 6 if any portion of Line 35, base income or loss, is derived outside Illinois, or you have any income or loss to report on Lines 36, 37, 44, or 45.

In order to properly allocate your base income or loss you need to determine what portion of the total base income is business income or loss that is to be apportioned among all the states in which you do business, and what portion is nonbusiness income or loss that is to be allocated to a particular state.

Note → **Unitary filers who are required to file a Schedule UB** - You must complete **both** Step 4 of the Schedule UB **and** Step 6 of the Form IL-1065.

For more information, see Illinois Income Tax Regulations, Section 100.3380(d).

Line 40 — Enter your total sales everywhere.

Line 41 — Enter your total sales inside Illinois.

Note → Lines 40 and 41 cannot be less than zero. The amount on Line 41 cannot exceed the amount on Line 40.

If you checked the box on Line 35 B and do not complete Lines 40 and 41 we may issue a notice and demand proposing 100 percent of income as being allocated to Illinois, or in the case of a loss return, a notice indicating none of your loss as being allocated to Illinois.

Line 42 — Divide Line 41 by Line 40 and enter the result, rounded to six decimal places. The result cannot be greater than "1" or less than "0."

Note → If you checked the box on Line 35 B and do not complete Line 42 we may issue a notice and demand proposing 100 percent of your income as being allocated to Illinois, or in the case of a loss return, a notice indicating none of your loss as being allocated to Illinois.

Line 43 — Follow the instructions on the form. If you checked the box on Line 35 B and did not complete Lines 40, 41, or 42 we may

- propose 100 percent of your income as being allocable to Illinois.
- propose none of your loss as being allocable to Illinois.

Line 44 — Enter the amount of nonbusiness income or loss allocable to Illinois from Illinois Schedule NB, Column B. Include any nonbusiness income you received from Illinois Schedules K-1-P or K-1-T in the amounts reported on Schedule NB. This amount is net of the portion of your Illinois nonbusiness income distributable to partners subject to replacement tax. **Attach a copy of Schedule NB and all Illinois Schedules K-1-P and K-1-T you received to your Form IL-1065.** If you do not have an amount to report on this line, enter "0".

Note → If you checked the box in Step 1, Line L, making the election to treat all of your income other than compensation as business income, then enter "0" on Line 44.

Line 45 — Enter the amount of the income or loss reported on Step 6, Line 37 that is apportionable to Illinois as reported by the non-unitary partnership, partnership included on a Schedule UB, S corporation, trust, or estate, on Illinois Schedules K-1-P or K-1-T, net of the portion distributable to partners subject to replacement tax. See Illinois Schedules K-1-P(2) or K-1-T(2) for more information. **Attach a copy of all Illinois Schedules K-1-P and K-1-T you received to your Form IL-1065.** If you do not have an amount to report on this line, enter "0".

Step 7 — Figure your net income

Line 47 — Follow the instructions on the form. If this amount is a loss, you may carry it forward to later years as an Illinois net loss deduction (NLD).

Line 48 — Enter your Illinois NLD from the Illinois Schedule NLD, Step 1, Line 5 total box. **Attach Illinois Schedule NLD to your Form IL-1065.** Use the schedule specific to your tax year.

Line 51 — Divide Line 47 by Line 50 and enter the result, rounded to six decimal places. This figure cannot be greater than "1".

Line 52 — The standard exemption is \$1,000 multiplied by a fraction in which the numerator is your base income allocable to Illinois and the denominator is your total base income. This figure cannot be greater than "\$1,000." The standard exemption is \$0.00 if your Adjusted Gross Income (AGI) is in excess of \$250,000. You should make this determination by computing pro forma AGI under IRC Section 62.

If you have a change in your tax year end, and the result is a tax period of less than 12 months, the standard exemption is prorated based on the number of days in the short tax year. However, if this is your first or final return, you are allowed to use the full-year standard exemption even if it is a short tax year.

Line 53 — If Line 49 is a loss, enter the amount from Line 49 on 53. Do not increase your loss by the exemption allowance on Line 52.

Step 8 — Figure your net replacement tax and pass-through withholding payments you owe

Line 55 — Enter your recapture of investment credits from Illinois Schedule 4255, Recapture of Investment Tax Credits, Step 4, Column C, Line 18.

If you claimed an Illinois investment tax credit in a prior year on Form IL-477, Replacement Tax Investment Credits, and any of the property was disqualified within 48 months of being placed in service, you must use Illinois Schedule 4255 to compute the amount of recapture. Credit must be recaptured in the year the property became disqualified.

Line 57 — Enter the amount from Form IL-477, Step 1, Line 13. **Attach Form IL-477 and any other required support listed on Form IL-477 to your Form IL-1065.**

An additional credit of up to .5 percent (.005) of the basis of qualified property is available if your Illinois base employment increased by 1 percent (.01) or more over the preceding year or if your business is new to Illinois. Excess credit may be carried forward for five years following the excess credit year. For more information, see Form IL-477 instructions.

Line 61f — Enter the total amount of voluntary prepayments you paid for this tax year with **Form IL-516-B only.** **Do not** report amounts paid with Form IL-516-I, Form IL-505-B, or Form IL-1120-ES here.

Line 64 — Enter the amount of overpayment you elect to be credited forward.

Your credit carryforward will not be applied if you do not file a processable return.

Note Your credit carryforward may be reduced by us due to corrections we make to your return, or to satisfy any unpaid tax,

penalty, and interest due for this year or any other year. If we reduce your credit carryforward, it may result in a late-payment penalty in a subsequent year.

To which tax year will my credit apply?

If your 2017 return was filed

- on or before the original filing and payment due date of your return**, your credit will be applied to the next full tax year, unless you elect to apply the credit to a different tax year.

Example 1: You file your 2017 calendar-year return on March 1, 2018, requesting to receive your overpayment as a credit. March 1, 2018, falls before the original filing and payment due date of the 2017 tax year (April 17, 2018, for calendar-year filers). Your credit will be applied against your 2018 tax year liability.

- after the original filing and payment due date of your return**, your credit will be applied to the next full tax year in which **timely** payments can be made as of the date you are filing this return, unless you elect to apply the credit to a different tax year.

Example 2: You file your 2017 calendar-year return on August 4, 2018, requesting to receive your overpayment as a credit. August 4, 2018, is after the original filing and payment due date of the 2017 tax year (April 17, 2018, for calendar-year filers), but is before the original filing and payment due date of the 2018 tax year (April 15, 2019, for calendar-year filers). Your credit will be applied against your 2018 tax year liability.

Example 3: You file your 2017 calendar-year return on April 28, 2019, requesting to receive your overpayment as a credit. April 28, 2019, is after the original filing and payment due date of the 2018 tax year (April 15, 2019, for calendar-year filers), but is before the original filing and payment due date of the 2019 tax year (April 15, 2020, for calendar-year filers). Your credit will be applied against your 2019 tax year liability.

Note If you are filing your return after the extended due date, you may only elect to claim an overpayment credit for payments received on or before the date you filed your return. Any payments made after the date your filed that return can only be claimed as an overpayments credit on a subsequent amended return.

You may complete the Credit Carryforward Worksheet on page 13 if you require assistance determining the year to which your credit will apply.

With what date will my credit apply against my tax liability?

If your 2017 return was filed

- on or before the extended due date of your return** (October 15, 2018, for calendar-year filers), your credit is considered to be paid on the original due date of this return (April 17, 2018, for calendar-year filers).

However, if all or a portion of your overpayment results from payments made after the original due date of this return, that portion of your credit is considered to be paid on the date you made the payment.

Example 1: You file your 2017 calendar-year return on or before the extended due date of your return requesting \$500 be applied as a credit. All of your payments are made before the original due date of your return. Your credit of \$500 will be considered to be paid on April 17, 2018.

Example 2: You file your 2017 calendar-year return on or before the extended due date of your return requesting \$500 be applied as a credit. Your overpayment includes payments of \$400 you made before the original due date of your return,

and a \$100 payment you made on June 1, 2018. Your credit of \$400 will be considered to be paid on April 17, 2018. The remaining \$100 credit will be considered to be paid on June 1, 2018.

- ❑ **after the extended due date of your return**, your credit is considered to be paid on the date you filed the return on which you made the election.

Example 3: You file your 2017 calendar-year return on December 1, 2018, requesting \$500 be applied as a credit. Your credit of \$500 will be considered to be paid on December 1, 2018, because you filed your return after the extended due date of your 2017 calendar-year return.

You may complete the Credit Carryforward Worksheet on page 13 if you require assistance determining with what date your credit will apply.

May I apply my credit to a different tax year?

Yes. If you wish to apply your credit to a tax year other than the one during which you file this return, you must submit a separate request in writing to:

**ILLINOIS DEPARTMENT OF REVENUE
PO BOX 19004

Your request must include

- your FEIN,

- the tax year you wish to have the credit apply.

If you do not follow these instructions, your election will be considered invalid and we will not apply your credit as you requested.

If you submit a valid request, we will apply your credit as you requested and notify you. Once made, your election to change the tax year to which your credit will apply is irrevocable. Requests will be worked in the order we receive them.

Note You may only apply your credit to tax years occurring after the year of the return creating the overpayment. If you request to apply more credit than our records show you have available, we will apply the maximum amount available and notify you of the difference.

- For a savings account, you must contact your financial institution for your account number.

Do not use your account and routing numbers from your checking or savings account **deposit slip**. **Do not** include your check number. Include hyphens, but omit spaces and special symbols. You may have unused boxes.

Note If your financial institution does not honor your request for direct deposit, we will send you a check instead.

Note We do not support international ACH transactions. We will only deposit refunds into accounts located within the United States. If your financial institution is located outside the United States, we will send you a check instead of depositing your refund into your account.

If you are not paying electronically, complete a payment voucher, Form IL-1065-V, make your check or money order payable to “**Illinois Department of Revenue**” and attach them to the front of the return.

Note If you are paying electronically **do not** complete and attach a payment voucher.

You should also **enter the amount you are paying in the box located on the top of Page 1** of the Form IL-1065.

We encourage you to let us figure your penalties and interest and send you a bill instead of determining these amounts yourself. We will compute any penalty and interest due and notify you. See General Information, “What are the penalties and interest?”

Step 10 — Signature, date, and paid preparer’s information

You must sign and date your return. If you do not sign your return, it will not be considered filed and you may be subject to a **non-filer penalty**.

If you pay someone to prepare your return, the income tax return preparer must also sign and date the return, enter the preparer tax identification number (PTIN) issued to them by the Internal Revenue Service, and provide their firm’s name, address, and phone number.

If you want to allow the paid preparer listed in this step to discuss this return with the Department, check the box. This authorization will allow your paid preparer to answer any questions that arise during the processing of your return, call us with questions about your return, and receive or respond to notices we send. The authorization will automatically end no later than the due date for filing your 2018 tax return (excluding extensions). You may revoke the authorization at any time by calling or writing us.

Apportionment Formulas

Certain businesses that derive their income from inside and outside Illinois require an apportionment formula. The following definitions will help in completing Step 6.

Business income — See General Information, “Business income” under “Definitions to help you complete your Form IL-1065.”

Financial organization — any bank, bank holding company, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, building and loan association, credit union, currency exchange, cooperative bank, small loan company, sales finance company, investment company, or any person owned by a bank or bank holding company.

Revenue miles — A revenue mile is the transportation of one passenger, or one net ton of freight, the distance of one mile.

Federally regulated exchange — A federally regulated exchange is:

- a regulated entity as defined in 7 U.S.C. Sections 1a (40)(A), a(40)(B), or 1a(40)(C);
- an exchange or clearing agency as defined in 15 U.S.C. Sections 78c(a)(1) or 78c(a)(23);
- any entity regulated under any successor regulatory structure to a registered entity, exchange, or clearing agency; or
- any member of the same unitary group if 50 percent or more of the business receipts of the unitary business group for the taxable year are attributable to the matching, execution, or clearing of transactions conducted by members of the group described in the first three bullet points above.

What if I am a sales organization?

If you checked the box in Step 1, Line E, indicating that you are a sales company and your income is derived from inside and outside Illinois, you must apportion your business income as follows:

Include gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property in the numerator and denominator of your sales factor only if these gross receipts are more than 50 percent of the total gross receipts included in gross income for this tax year and each of the two immediately preceding tax years.

Do not include the following items of income in the numerator or denominator of your sales factor:

- dividends;
- amounts included under IRC Section 78;
- subpart F income as defined in IRC Section 952; and
- any item of income excluded or deducted from base income.

For more information on what should be included in the numerator or denominator of your sales factor, see Illinois Income Tax Regulations, Sections 100.3370 and 100.3380.

Sales of tangible personal property are in Illinois if

- the property is delivered or shipped from anywhere to a purchaser in Illinois, other than the United States government, regardless of the Free on Board (f.o.b.) point or other conditions of the sale;
- the property is shipped from Illinois to any place and the purchaser is the United States government; or
- the property is shipped from Illinois to another state and you are not taxable in the state of the purchaser.

For radio and television broadcasting (including cable and satellite broadcasting), the following sales are in Illinois:

- advertising revenue received from an advertiser whose headquarters is in Illinois;
- fees received by a broadcaster from its viewers or listeners in Illinois;
- in the case of fees received by a broadcaster from the producer or other owner of the contents of a program, the percentage of the fees equal to the percentage of the broadcast’s viewing or listening audience located in Illinois; or
- in the case of a person who owns the contents of a program and who provides the contents to a broadcaster for a fee or other charge, the fees received for that program from a broadcaster located in Illinois.

If the “sales everywhere” amount includes gross receipts from the licensing, sale, or other disposition of patents, copyrights, trademarks, and other similar items of intangible personal property, and the receipts are not covered by the broadcasting rules, then these receipts should be allocated in Illinois to the extent the item is used in Illinois during the year the gross receipts are included in gross income. An item is used in Illinois if

- a patent is employed in production, fabrication, manufacturing, or other processing in Illinois or if the patented product is produced in Illinois;
- copyrighted material is printed or other publications originated in Illinois; or
- the commercial domicile of the licensee or purchaser of a trademark or other item of intangible personal property is in Illinois.

Note → If you cannot determine from your (or your related party’s) books and records in which state an item is used, do not include the gross receipts from that item in the numerator or the denominator of the sales factor.

For sales of telecommunications services, the following sales are in Illinois:

- sales of telecommunications service sold on a call-by-call basis, where the call both originates and terminates in Illinois, or the call either originates or terminates in Illinois and the customer’s service address is in Illinois;
- retail sales of postpaid telecommunications service if the point of origination of the signal is in Illinois;
- retail sales of prepaid telecommunications service where the purchaser receives the prepaid card or other means of conveyance at a location in Illinois;
- charges imposed at a channel termination point in Illinois;
- charges for channel mileage between two channel termination points in Illinois;
- charges for channel mileage between one or more channel termination points in Illinois and one or more channel termination points outside Illinois, times the number of channel termination points in Illinois divided by total termination channels;
- charges for services ancillary to sales of services in Illinois. If you provide ancillary services, but cannot determine where the sales of the related services are located, your sales are in Illinois if your customer is in Illinois;
- access fees charged to a reseller of telecommunication for a call that both originates and terminates in Illinois;
- 50 percent of access fees charged to a reseller of telecommunications services for an interstate call that originates or terminates in Illinois; and
- end user access line charges, if the customer’s service address is in Illinois.

For more information, see Illinois Income Tax Regulations, Section 100.3371.

Illinois lottery winnings and proceeds from sales or other transfers of rights to lottery winnings are in Illinois.

Sales, other than sales of tangible personal property or telecommunications service, and gross receipts from broadcasting, or the licensing, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property, or Illinois lottery winnings or sales proceeds, are in Illinois as follows:

- sales or leases of real property in Illinois;
- leases or rentals of tangible personal property, to the extent it is located in Illinois during the rental period;
- interest, net gains, and other items of income from intangible personal property received by a taxpayer who is a dealer in that property from a customer who is a resident of Illinois (for individuals) or who is commercially domiciled in Illinois (for all other customers). A taxpayer without actual knowledge of the residence or commercial domicile of a customer may use the customer's billing address.
- interest, net gains, and other items of income from intangible personal property received by a taxpayer who is not a dealer in that property, if the income-producing activity is performed in Illinois or if the income-producing activity is performed inside and outside Illinois, and a greater proportion of the income-producing activity is performed inside Illinois rather than outside Illinois, based on performance costs; or
- in all other cases, if the services are received in Illinois.

For more information, see Illinois Income Tax Regulations, Section 100.3370.

What if I am a financial organization?

If you checked the box in Step 1, Line E, indicating that you are a financial organization and your income is derived from inside and outside Illinois, cross out the word "sales" on Lines 40 and 41 and write "Financial organization."

On Line 40, enter the amount of gross receipts from all sources.

On Line 41 enter the amount of gross receipts from:

- sales or leases of real property located in Illinois;
- leases or rentals of tangible personal property, to the extent it is located in Illinois during the rental period;
- interest income, commissions, fees, gains on disposition, and other receipts from:
 - loans secured by real or tangible personal property located in Illinois;
 - unsecured consumer loans to a resident of Illinois;
 - unsecured commercial or installment loans where the proceeds of the loan are applied in Illinois. If the place of application cannot be determined, the gross receipts are in Illinois if the office of the borrower from which the loan was negotiated is in Illinois. **If neither the place of application nor the office of the borrower can be determined, do not include the gross receipts in Line 40 or 41;** and
 - credit card receivables billed to a customer in Illinois.
- sales of travelers checks and money orders at a location in Illinois;
- interest, dividends, net gains, and other income from investment and trading assets and activities, where the majority of your contacts with the asset or activity is in Illinois. The state to which an asset or activity is assigned in your books and records for federal or state regulatory requirements is presumed to be proper unless a majority of the evidence shows otherwise or you do not

have a fixed place of business in that state. If the place with the majority of contacts cannot be determined under these rules, the gross receipts are in Illinois if your commercial domicile is in Illinois.

- any other transaction, if the gross receipts would be included on Line 41 under the general instructions for Line 41.

For more information, see Illinois Income Tax Regulations, Section 100.3405.

Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42. Complete Lines 43 through 46 as indicated in Specific Instructions for Step 6, Figure your income allocable to Illinois.

What if I am a transportation company?

If you checked the box in Step 1, Line E, indicating that you are a company that furnishes transportation service both inside and outside Illinois, cross out the word "sales" on Lines 40 and 41 and write "Transportation." You must apportion business income as follows:

Transportation by airline — On Line 40, enter the amount of revenue miles everywhere. On Line 41, enter the amount of revenue miles in Illinois. Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42.

Other modes of transportation — On Line 40, enter the amount of your gross receipts from providing transportation services. On Line 41 enter the amount of gross receipts from Illinois, as follows:

- all gross receipts from transportation that both originates and terminates in Illinois; and
- gross receipts from interstate transportation, multiplied by a fraction equal to the miles traveled in Illinois on all interstate trips divided by miles traveled everywhere on all interstate trips.

Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42.

Transportation of both freight and passengers or transportation by airline and other modes — Compute separate fractions for freight transportation and passenger transportation by airline and for freight transportation and passenger transportation by all other modes of transportation under A and B, in the list above and enter on Line 42 the average of those fractions, weighted by the gross receipts from freight or passenger transportation by airline or other modes, rounded to six decimal places

For more information, see Illinois Income Tax Regulations, Section 100.3450.

Complete Lines 43 through 46 as indicated in Specific Instructions for Step 6, Figure your income allocable to Illinois.

What if I am a federally regulated exchange?

If you checked the box in Step 1, Line E, indicating that you are a federally regulated exchange and your income is derived from inside and outside Illinois, cross out the word "sales" on Lines 40 and 41 and write "Exchange." You may apportion your business income as follows:

On Line 40, enter the amount of business income from all sources.

On Line 41, enter the amount of business income from:

- receipts attributable to transactions executed on a physical trading floor located in Illinois;
- receipts attributable to all other matching, execution, or clearing transactions. This includes, without limitation, receipts from the provision of matching, execution, or clearing services to another entity.

- Multiply this amount by 27.54 percent (.2754) for tax years ending on or after December 31, 2013; and
- all other receipts for sales in Illinois.

Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42. Complete Lines 43 through 46 as indicated in Specific Instructions for Step 6, Figure your income allocable to Illinois.

Note For any tax year, the Illinois apportionment percentage computed using this formula may never be less than the Illinois apportionment percentage computed for the first full tax year ending on or after December 31, 2013, for which the taxpayer used this formula.

What if I am a member of a unitary group?

The term “unitary business group” means a group of persons related through common ownership, whose business activities are integrated with, dependent on, and contribute to each other. In the case of a corporation, common ownership is defined as the direct or indirect ownership or control of more than 50 percent of the outstanding voting stock of a corporation.

If the following applies, do not file a Schedule UB: If a partnership is engaged in a unitary business with one or more of its partners, but the unitary partners do not own substantially all of the interest in the partnership, the partnership should not be included on a Schedule UB with the partners. Substantial ownership is defined as owning more than 90 percent of all the interest in the partnership. If a Schedule UB should not be filed, the partnership completes its Form IL-1065 in the same manner as a non-unitary partnership, and each unitary partner must determine the portion of its business income taxed by Illinois by adding its share of that partnership’s business income and apportionment factors (Illinois and everywhere) to its own business income and apportionment factors (Illinois and everywhere). This rule applies to you if you are unitary with one or more of your partners or if you are a partner in another partnership and are engaged in a unitary business with that partnership.

If the following applies, you must file a Schedule UB: If you are a partnership who is a shareholder in a corporation and are engaged in a unitary business with that corporation, or if you are owned more than 90 percent by members of a unitary business group (determined without regard to the rule prohibiting taxpayers conducting 80 percent or more of their business activities outside the United States from being included in a unitary business group), you are required to use a Schedule UB to apportion your business income. See the instructions

for the Schedule UB for more information. Once the Schedule UB has been completed, you must apportion your business income as follows:

On Line 40, enter the “everywhere” sales factor of the entire unitary business group from Illinois Schedule UB, Step 4, Line 2, Column D. On Line 41, enter only your Illinois sales (including your share of sales of any unitary partnerships in which you are a partner).

On Lines 44 and 45, enter your own nonbusiness income and the Illinois portion of business income from non-unitary partnerships in which you are a partner, from partnerships included on a Schedule UB and in which you are a partner, from S corporations in which you are a shareholder, or from trusts or estates of which you are a beneficiary.

What if I want to use an alternative apportionment formula?

If the apportionment methods prescribed by IITA, Sections 304(a) through (d), and (h) do not fairly and accurately represent the market for your goods, services, or other sources of business income, or lead to a grossly distorted result, you may want to use a more accurate alternative method. If you want to use an alternative apportionment method, you **must** receive permission from IDOR **prior to** filing your return.

Note Your request for an alternative apportionment formula must follow the requirement of Illinois Income Tax Regulations, Section 100.3390. See the regulations or contact the Department for more information.

If you receive permission to use an alternative formula, you must attach to your Form IL-1065 a copy of the letter granting permission.

What is the purpose of Illinois Schedule B?

The purpose of Illinois Schedule B, Partners' or Shareholders' Information, is for you to identify any person who was a partner or shareholder at any time during your tax year.

The Illinois Schedule B also allows you to identify your partners or shareholders that are subject to the Illinois Personal Property Tax Replacement Income Tax and to figure the share of distributable income or loss that is to be added to or subtracted from your base income.

In addition, Form IL-1023-C and Form IL-1000 have been eliminated for tax years ending on or after December 31, 2014. The amounts that would have been reported on behalf of your members on these forms must be reported on your Illinois Schedule B. The Illinois Schedule B has been redesigned for tax years ending on or after December 31, 2014, to report certain items of income and credits reported to your partners or shareholders, and pass-through withholding payments made on behalf of your nonresident partners or shareholders. For a definition of resident and nonresident partners or shareholders see "What is a resident" and "What is a nonresident?" below.

Is Schedule B required?

Yes. You are required to have a copy of this form on file. You **must** attach a copy to your Form IL-1065, Illinois Partnership Replacement Tax Return, or your Form IL-1120-ST, Illinois Small Business Corporation Replacement Tax Return, to support the addition modification claimed on Form IL-1065, Step 4,

Line 21 or Form IL-1120-ST, Step 4, Line 20, or the subtraction modification claimed on Form IL-1065, Step 5, Line 27, or Form IL-1120-ST, Step 5, Line 24.

In addition, Illinois Schedule B has replaced Form IL-1023-C and Form IL-1000 for tax years ending on or after December 31, 2014, and supports the amount reported on Form IL-1065, Step 8, Line 59, and Form IL-1120-ST, Step 8, Line 58, as pass-through withholding payments you owe on behalf of your nonresident members. Therefore, you **must** follow the instructions for Illinois Schedule B, complete it in full, and attach it to your return.

Note You must use forms prescribed by the Illinois Department of Revenue. Separate statements not on forms provided or approved by the Department will not be accepted and you will be asked for appropriate documentation. **Failure to comply with this requirement may delay the processing of your return or the generation of any overpayment.** Additionally, failure to submit appropriate documentation when requested may result in a referral to our Audit Bureau for compliance action.

Partnerships and S corporations must complete Illinois Schedule B. Do not send a computer printout with line numbers and dollar amounts attached to a blank copy of the schedule. Computer generated printouts are not acceptable, even if they are in the same format as the Department's forms. Computer generated forms from a Department-approved software developer are acceptable.

What is a resident?

A resident is

- an individual who is present in Illinois for other than a temporary or transitory purpose;
- an individual who is absent from Illinois for a temporary or transitory purpose but who is domiciled in Illinois;
- the estate of a decedent who at his or her death was domiciled in Illinois;
- a trust created by a will of a decedent who at his or her death was domiciled in Illinois; or
- an irrevocable trust, whose grantor was domiciled in Illinois at the time the trust became irrevocable. For purposes of this definition, a trust is irrevocable to the extent that the grantor is not treated as the owner of the trust under Internal Revenue Code (IRC) Sections 671 through 678.

What is a nonresident?

A nonresident is a person who is not a resident, as previously defined. Corporations, S corporations, partnerships, and exempt organizations are considered nonresidents for purposes of Illinois Schedule B.

What do Section B, Columns G through J report?

Columns G through J report certain items of income, credits, and pass-through withholding payments you reported to your nonresident members on the Schedule K-1-P you issued to them.

How do I determine the amounts to report in Section B, Columns G through J?

Before completing Illinois Schedule B you must complete Schedule(s) K-1-P and Schedule(s) K-1-P(3) for each of your nonresident members, as applicable. The amounts reported on those schedules will be used to complete Illinois Schedule B, Section B, Columns G through J.

See Schedule K-1-P(1) for instructions and more information about Schedule K-1-P(3).
